

# DRT-1201A, DRT-1202A

- 12" Retractable LCD Monitor -

## Experience HD Theatre in the sky!

**Aircraft Cabin Systems is a leading designer and manufacturer of Inflight Entertainment HD LCD Monitor products for the General and Commercial Aviation Industry.**

The **DRT-120x** monitor series is our NEW 12" retractable LCD Monitors designed to be a drop in replacement for airline applications. ACS unique design employs fewer moving parts than competitors versions, thus increasing reliability and performance while reducing failure rates and costly repairs. ACS retractable LCD Monitors are designed to be a form/fit replacement and can interface with many different video distribution systems. (ie...Composite, Component, HDSDI, etc...) Designs are currently in development for the A330, B757 and B737.

Note: P/N DRT-1201A = Left Side  
P/N DRT-1202A = Right Side
